

[3] SDG3: GOOD HEALTH AND WELLBEING

[3.3] Collaborations and health services

[3.3.4] Free Sexual Health Care for Students

Free Counseling for Student in UI Clinic

Description :

Universitas Indonesia provides students access to sexual and reproductive health-care services through free health services for students that are provided by UI Satellite Clinic and Faculty. UI Satellite Clinic is the center for physical and mental health services, including health promotion, health check-up, psychological counseling for mental health, sexual and reproductive health services. The faculty also provides facilitation services concerning mental health, sexual and reproductive issues.
