

Implementation of SDGs at the Faculty of Psychology

10. Reduced Inequalities

10.6. Measures against discrimination

10.6.7. Accessible facilities

Accessible toilets

Description:

Pedestrian paths in the Faculty of Psychology are equipped with facilities for people with visual impairment and wheelchair users. It has tactile paving to guide people with visual impairment, and separate vehicle and pedestrian paths to ensure their safety when walking around the faculty. The Faculty of Psychology also installed a ramp in front of every building's entrance to accommodate people that use wheelchairs when they want to enter the building. We provide an elevator for everyone who might have difficulty when using the stairs. The Faculty of Psychology also has spacious accessible toilets to accommodate people with disabilities.
