

11.4.6. Pedestrian priority on campus Prioritise pedestrian access on campus

Faculty of Humanities, University of Indonesia provides pedestrian access throughout the faculty area, complete with road signs and description. All facilities and mobilization routes at FIB are prioritized for pedestrians. From each building to the outside of the faculty area there is pedestrian access.

The condition of the walking path is safe for walking on a variety of terrain, starting from terraced stairs, sloping roads, paths made from a collection of river rocks, areas with blocks, and others. Each path ways is equipped with lights for lighting at night.
