

## SDGS 2 : Zero Hunger

### 2.2. Campus food waste

#### 2.2.2..Campus food waste tracking

Description:

Many people have increasingly realized the importance of protecting the environment, one of which is by implementing a zero waste lifestyle. Awareness must also be built, apart from plastic waste, food waste is also a concern because food waste that will decompose and emit methane gas will be a trigger for global warming. The Vocational Education Program has carried out waste tracking as follows:

[3] Limbah

[3.5] Pengolahan Limbah Organik

1.		<p>Pembuatan Eco Enzym</p> <p>Dengan mengolah sisa buah-buahan &amp; sayuran yang berasal dari kantin dan Gedung</p>
