

### [15.2.1] Events about Sustainable Use of Land Student Participation in Planting

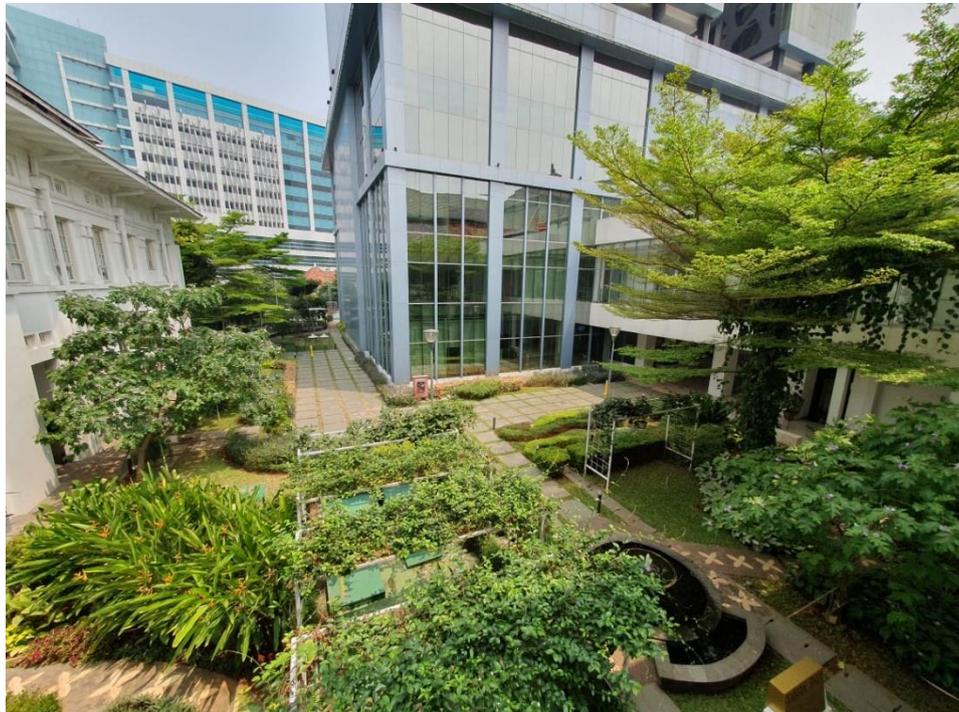

This activity involves outreach and commitment statements to new students or graduates of FKUI, encouraging them to support the vision of a green campus. This includes bringing reusable tumblers, minimizing plastic use, and taking care of the environment to promote conservation.

## Inauguration of Taman FKUI

Alumni FKUI 1960, Prof. Res. (Hons). dr. Kahar Tjandra, Sp.PK, has generously donated a garden project at the FKUI Salemba campus to express his love for his alma mater. The garden, named Taman FKUI, was inaugurated by Dean Prof. Dr. dr. Ari Fahrial Syam, Sp.PD-KGEH, MMB on September 29, 2022. Located between the Departments of Biochemistry and Molecular Biology, the Pharmacy Department, and the Health Research Ethics Committee, this garden enhances the campus environment by providing a refreshing green space.

### Inauguration of Taman Angrek

Dean of FKUI, Prof. Dr. dr. Ari Fahrial Syam, Sp.PD-KGEH, MMB, inaugurated a new facility on the FKUI Salemba campus: the Orchid House (Rumah Angrek). This conservation area for orchid plants was a gift from alumnus Prof. Res. (Hons). dr. Kahar Tjandra, Sp.PK. The Orchid House adds to the list of communal open spaces available on the FKUI Salemba campus for the benefit of the entire FKUI community.
