Description:

The Faculty of Computer Science at Universitas Indonesia presents Research Talk, a live webinar series where we invite researchers from all over the world to discuss cutting edge research in the field of computer science and informations systems.

topic research talk is :

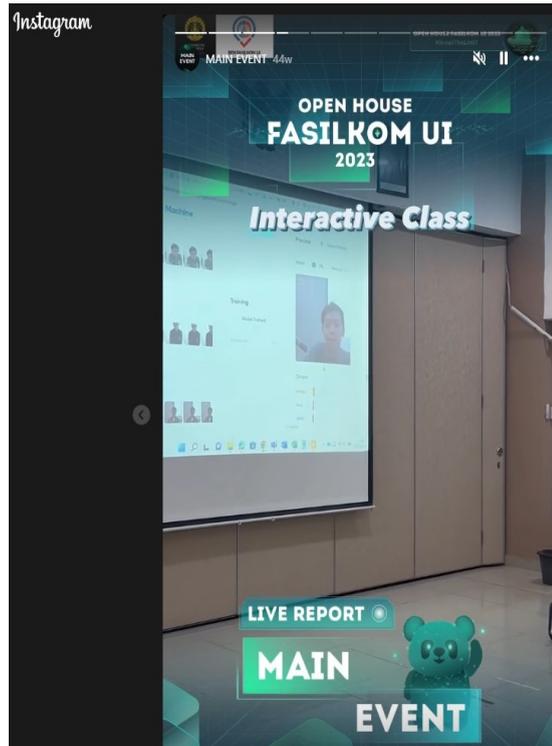

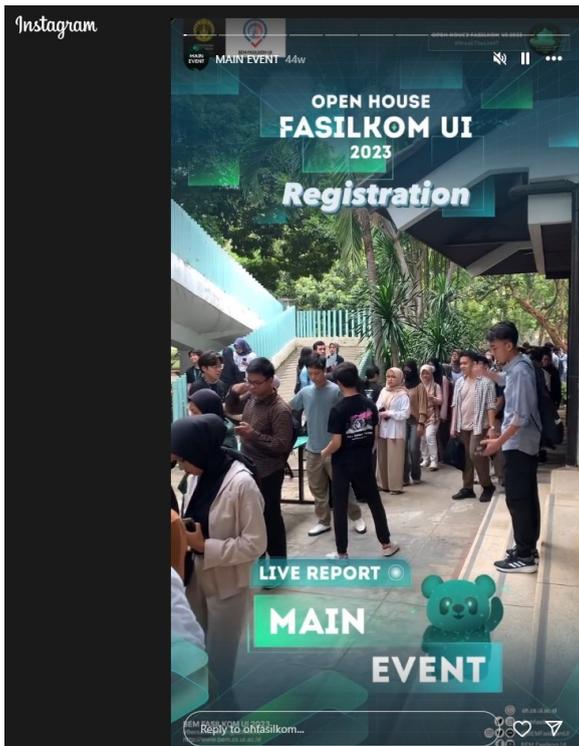

organizational respon to cyber attack :

an evidence-based study of an exemplar firm

Speaker : Prof Atit Ahmad

Deputy director of the University of Melbourne's cyber security center of excellence

[4.3.1] FREE ACCESS TO CAMPUS FACILITIES AND EQUIPMENT

Description:

Every year, high school/K and equivalent students in Indonesia face a dilemma in choosing the study program they will take to continue their education to a higher level. This choice is very important because it will affect the future of their career and life. The main factors they consider are job prospects, wages and the impact of the course they choose. However, the information available is often insufficient to help them make informed decisions.

To fulfill the curiosity of prospective new students about Fasilkom UI, the annual Fasilkom UI Open House event comes with interesting themes. The Fasilkom UI Open House aims to provide comprehensive information about the Faculty of Computer Science, University of Indonesia, both in terms of academic and non-academic aspects, campus life, and career prospects for its graduates. Through a series of events such as CS Connect, Interactive Class, Tour de Campus, Fun Coding, and other programs, the 2024 Fasilkom UI Open House offers interactive and educational experiences that will provide a real picture of life as a Fasilkom UI student.

Participants will be invited to tour the Fasilkom building and learn about the cultures inside, attend interactive classes held directly by Fasilkom UI lecturers, get hands on with advanced and interesting technologies, and try out fun coding directly.

[4.3.1] FREE ACCESS TO ONLINE RESOURCE

The screenshot shows the website for the Faculty of Computer Science at Universitas Indonesia. The header includes navigation links for 'Mahasiswa', 'Alumni', 'Informasi Publik', and 'Zona Integritas'. Below the header, there are links for 'Beranda', 'Akademik', 'Penelitian', 'Kemahasiswaan', 'Berita', 'Agenda', 'Tentang', and 'Kontak'. The main content area features a blue background with the text: 'Open Content Fasilkom UI. Setiap tahunnya Fakultas Ilmu Komputer (Fasilkom UI) memublikasikan konten-konten terbuka (open contents) terkait berbagai materi pembelajaran dalam bidang ilmu komputer dan sistem informasi yang tersedia untuk peserta pendidikan perguruan tinggi pada jenjang sarjana dan pascasarjana. Halaman ini merupakan indeks open contents yang dipublikasikan setiap tahunnya.'

The screenshot shows a YouTube video player. The video title is 'Kuliah Tamu SOSI (11 Oktober 2023)'. The video content shows a speaker on a stage in front of a large screen displaying the Red Hat Academy logo and the text 'Modern skills for a modern world'. The speaker is wearing a patterned batik shirt. The video player interface includes a search bar, a play button, a progress bar showing 0:02 / 1:47:21, and various control icons like 'Bilingual', 'CC', 'Settings', 'Full Screen', and 'Download'. Below the video, there is a channel name 'Fasilkom Content Gallery' with 62 subscribers and a 'Subscribe' button. The video has 7 views and was uploaded 11 months ago.

**Description:**

Every year the Faculty of Computer Science (Fasilkom UI) publishes open contents related to various learning materials in the field of computer science and information systems that are available for university education participants at undergraduate and postgraduate levels. This page is an open contents index that is published every year.

[4.3.2] PUBLIC EVENT (LIFELONG LEARNING)

Tingkatkan Minat dan Kemampuan Menulis, Fasilkom UI Gelar Pelatihan Swasunting Karya Tulis Ilmiah

Evidence Link:

<https://cs.ui.ac.id/2023/10/02/tingkatkan-minat-dan-kemampuan-menulis-fasilkom-ui-gelar-pelatihan-swasunting-karya-tulis-ilmiah/>

Description:

The Faculty of Computer Science, University of Indonesia (Fasilkom UI) held a seminar on editing or self-editing Scientific Writing (KT1) for Fasilkom UI lecturers and students at all levels for two days on 30 September – 1 October 2023 which was held in a hybrid (online-offline) manner at Courtroom, 4th floor, New Fasilkom UI Building. This activity aims to increase knowledge and skills in editing manuscripts, especially one's own written work. The activity material focuses on mechanical and substantive editing related to stylistic and linguistic consistency.

This activity was initiated by Fasilkom UI lecturer, Prof. Harry Budi Santoso, S.Kom., M.Kom., Ph.D. along with resource persons, namely Bambang Trimansyah, S.S., M.I.Kom., and Mr. Muhammad Fadly Suhendra for two days. Coordinator of the Computer Science Masters and Doctoral Study Program, Prof. Harry said that there were weaknesses in students when writing their final assignment reports. "Among the challenges for students in writing final assignment reports, including theses and dissertations, there are weaknesses in presenting writing according to scientific writing guidelines and using an abstract style," said Prof. Harry.

Furthermore, he also hopes that with this activity, students will be able to improve the quality of their scientific writing by applying self-editing techniques. On the other hand, he also explained that supervisors could be helped to focus more on providing input on the substantive aspects of research, not on the mechanics of writing, he concluded.

[4.3] SDG4: LIFELONG LEARNING MEASURES
[4.3.3] EDUCATION TRAINING EVENTS (LIFELONG LEARNING)

Ikatan Wanita Keluarga (IWK) Fasilkom UI Berbagi Pengetahuan Kerajinan Kain Jumputan Berumur Ratusan Tahun Ala Negeri Sakura, Shibori

**Description:**

The Family Women's Association (IWK) of the Faculty of Computer Science, University of Indonesia (Fasilkom UI) held training on making Shibori cloth, known as Japanese jumputan, on Saturday, November 25 2023 at Building B Fasilkom UI, Depok Campus. This activity aims to introduce and open insight into the art of Shibori crafts as well as hone the creativity of the female Fasilkom UI academic community, including involving family participation.

This activity invited one of the shibori art activists from Bandung, namely Ekwil, who apart from focusing on training in making shibori, also produces bags and clothing with Shibori motifs. The material provided begins with an introduction to the origins of shibori to direct practice in making several Shibori motifs using the cloth media provided. Participants are allowed to bring clothes or bags that will be reprocessed using the Shibori technique. In this way, this training also brings other positive values, namely, reuse and recycle, as part of the participants' concern for caring for the earth.
