

## Evidence SDG 6.3

### 6.3.3.

The Faculty of Law Universitas Indonesia provides a free flow ready-to-drink purified water dispenser that can be accessed 24 hours in several spots.

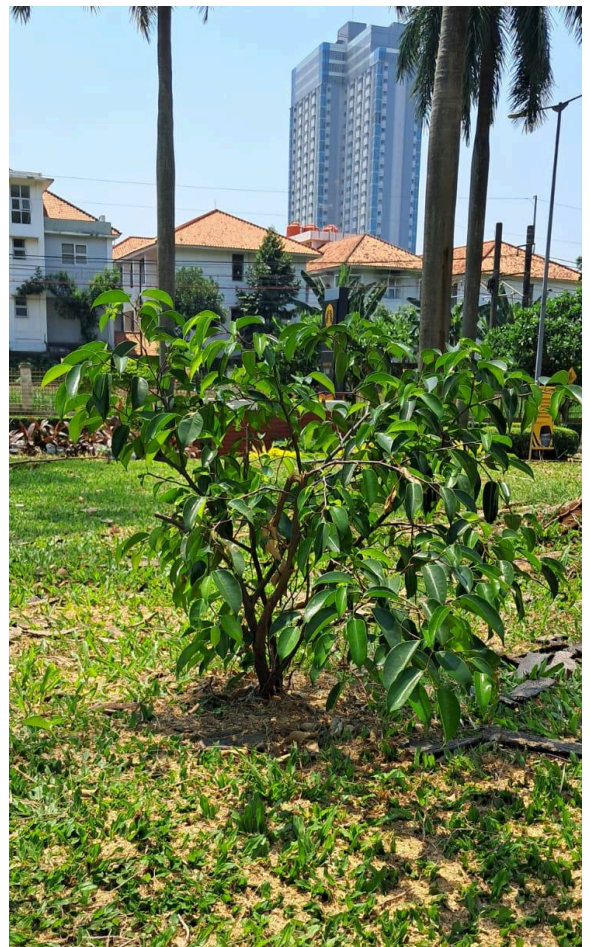

Students and visitors could refill their tumbler anytime

#### 6.3.4

The new faculty building has applied water-conscious building standards to minimise the water use

### 6.3.5

The Faculty has planted drought-tolerant plants that could survive for longer term.
