

Evidence SDG 2.3.3

The Faculty of Law Universitas Indonesia's canteen provides sustainable food choices for all on campus, including vegetarian and vegan food.

Gado-gado could be a choice for vegetarian and vegan diets as it consists of vegetables only with peanut butter sauces.

Other tenants also source their ingredients from sustainable sources, such as traditional markets and local farmers.

Evidence SDG 2.3.4

The Faculty of Law Universitas Indonesia's canteen provides healthy and affordable food choices, as there is a screening system to do business there that assesses the food's health, affordability, and taste.

Most menu in the canteen has passed a screening the health, affordability, and taste of the food.

There is not any huge gap of price range in The Faculty of Law Universitas Indonesia. Therefore, it creates various of healthy and affordable meal choices.
